Because we strongly believe that employees are our greatest value and we understand that there is no business without people.

Based on the perfect atmosphere at CSS Corp, we have created the term "Smallporation". On one hand, it expresses corporate know-how (processes, operations etc.) that we remain faithful to. On the other, it expresses the attention to a non-corporal atmosphere, the policy of open doors and flat structure. There are nearly a hundred of us, and our Site Director still knows everyone by name.

We also offer the benefit package for all our employees from the very first day at CSS:

- Private medical care covered by Luxmed (facilities are in the same building as our office),
- Life insurance,
- Multikafeteria system,
- Pizza Day,
- Xmas bonus,
- Parking space dedicated to our employees only
